THARPE FORRESTER
ACTING COMMISSIONER

October 29, 1984

Honorable George C. Wallace
Governor of Alabama
State Capitol
Montgomery, Alabama 36130

Dear Governor Wallace:

In accordance with the provisions of §27-2-9, Code of Alabama 1975, the Annual Report of the Commissioner of Insurance, covering the operations of all insurance companies authorized to transact business in Alabama in 1983, is transmitted herewith.

Your attention is directed to that portion of the Report entitled "Summary of Operations" which gives in some detail the activities of this Department.

The amounts used in the financial sections were taken from the Annual Statements filed by the various companies, without audit or verification.

Sincerely yours,

Tharpe Forrester
Acting Commissioner

TF:dkh

Summary of Operations

The insurance business in Alabama continued to grow modestly during 1983, with Alabamian's paying $3.4 billion in premiums for all types of insurance, an increase of 6.3%. The 1983 growth rate may be compared to 10.3% in 1982, 4.1% in 1981, 7.6% in 1980, and 9% for 1979.

Premiums collected in 1983 by property and casualty companies increased less than one-half of one percent, to $1,299,729,000, from the previous year, and the direct premium and annuity consideration for all life insurance companies increased by 9.3% to $889,421,000. Accident and health premiums totaled $1,231,774,000, an increase of 1%. Title insurance premiums totaled $7,903,000.

In 1983, the insurance industry paid to the Department $77,711,926 in premium taxes and fees. Of this amount, $59.0 million was deposited to the General Fund and $17.4 million to the Special Education Trust Fund.

Statistical data covering insurance premiums and losses are for calendar year 1983 and are compiled from data furnished by the Central Office of the National Association of Insurance Commissioners. Information regarding premium taxes and fees collected by the Department and Departmental disbursements is for the calendar year October 1, 1982 - September 30, 1983.

The Insurance Department consists of six operational divisions: Agents' licensing and testing, life and disability, property and casualty, receivership, legal, and financial examination. Also a part of the Insurance Department is the State Fire Marshal's office. The Commissioner of Insurance is an ex-officio member of both the Alabama Securities Commission and the Alabama Arson Prevention Task Force.

Alabama's insurance laws require that all contracts of insurance, other than uncontrolled marine and aviation policies, be approved by the Department prior to their use in this state. A consulting actuarial firm is employed to review all life and accident and health policy forms. Any variance from required provisions of the Code or Departmental Regulations must be corrected prior to their acceptance.

There is no price regulation over life or accident and health insurance, except for certain Blue Cross - Blue Shield policies and Medicare supplement policies. Most property and liability rates are subject to the Department's approval. Services of consulting actuaries are obtained, when needed, to assist the staff in the evaluation of those rate filings requiring regulatory approval.

The primary functions of the Legal Division include representing the Department in litigation and interpreting the Insurance Code. During 1983, the Legal Division conducted 35 formal administrative proceedings against insurance agents and eight proceedings against insurance companies. Numerous cases were settled without the institution of formal charges. In addition to administrative actions, the Legal Division represented the Department in 21 civil and criminal cases in the State and Federal courts on matters ranging from insurer receiverships to enforcement of fire codes in county jails and other public facilities.

Responsibilities of the Legal Division, other than litigation, involved reviewing 25 applications for the sale of securities in Alabama, drafting the Department's legislative program, and assuring proper interpretation of the Insurance Code. More current data for the period October 1, 1983 - September 30, 1984, are as follows: Federal/State court cases, 27; agents' administrative proceedings, 82; companies, 48; Fire Marshal and Miscellaneous, 5; Solicitation Permits, 28.

The Receivership Division continued its efforts to close out its regulatory functions on insurance companies placed in receivership by the courts. At year-end 1983, there were only three life insurance companies remaining in active receivership - Empire Life Insurance Company of America, Life Insurance Company of America, and Lovett's Burial Association. Receivership activities of Lovett's were concluded in early January, 1984, with no loss to the company's policyholders.

In 1983, the Examination Division scheduled 15,473 agents' licensing examinations for 8,243 applicants. For the previous year, the corresponding figures were 18,534 and 7,151.

During 1983, Insurance Department examiners conducted 30 triennial on-premises financial examinations of domestic insurance companies. Three of these examinations had commenced during the latter part of 1982, and four were in progress at year-end 1983. In addition, two special examinations were conducted. The examinations ranged in duration from less than one week to several months, depending upon the size and complexity of the company being examined.

All insurance examiners holding the classification of Insurance Examiner II or Insurance Examiner III are required to qualify as an Accredited Financial Examiner or Certified Financial Examiner. These designations represent minimum standards of experience and training which have been developed by the National Association of Insurance Commissioners to assure that insurance examiners representing the several states meet certain minimum qualifications. At year-end 1983, three examiners from the Department had achieved the status of Accredited Financial Examiner, and four had obtained the designation of Certified Financial Examiner, the highest category.

Each year, numerous insurers from other states make application for admission to Alabama. In 1983, our Admissions Committee reviewed 83 admission applications and approved 55 companies for licensing. During the most recent three-year period (1981-1983), 242 admission applications were reviewed and 157 companies licensed.

In October, 1983, all divisions were consolidated into one location. We are now occupying the entire first floor of the Retirement Systems of Alabama Building, 135 South Union Street, Montgomery.

An abbreviated report pertaining to the State Fire Marshal's office is attached. Statistical data covering the activities of that office may be obtained upon written request.

Re: Annual Report
State Fire Marshal's Office
for the year of 1983

Dear Sir:

In accordance with Section 36-19-26, Code of Alabama, 1975, the annual report of the State Fire Marshal, is respectfully submitted for your information and approval.

In 1983, there were 141 fire fatalities in the state of Alabama. This is a decrease of six (6) fire fatalities over 1982, and the lowest fire fatality figure that we have had since 1974. It is suspected that the fire fatality figure has continued to decline, due to installation of smoke detectors. At some future date, consideration may be given to legislation which would require smoke detectors in all residential occupancies. This office is continuing to assign priority to the investigation of fires involving fatalities.

The State Department of Forensic Science has cooperated with this office in providing assistance, in some instances, in the fire scene investigation, of fires involving fatalities. Blood samples have been taken and submitted to the laboratory and when necessary, postmortem examinations are conducted to determine contributing factors to the death. As a result of this cooperation, some fire cases have been determined to be murder and arson, and in 1983, three (3) cases were determined to be murder and arson.

Legislation should be sought to require the taking of blood samples and/or postmortem examinations, to be conducted at the option of the coroner or forensic science personnel, on all fire victims where no witnesses are available, to substantiate the fact that the victim was alive at the time of the fire.

This office has endeavored to cooperate with fire officials, sheriff departments, police departments, insurance companies, adjusters, and all state agencies throughout the state in conducting investigations and inspections and responding to other duties and responsibilities of this office, as mandated by state law.

In 1983, personnel of this office conducted 650 fire investigations. Action was initiated against seventy-seven (77) defendants regarding arson and/or other offenses which were pending at the beginning of 1983.

During the year of 1983, action was initiated against fifty-seven (57) defendants for arson and/or other offenses. Disposition of these cases are set out in the statistical portion of this report.

There were 530 general inspections in 1983. In addition, there were thirty-five (35) inspections of gasoline service stations and bulk plant facilities.

Forty-eight (48) reinspections of county jails, and forty-eight (48) inspections of city jails were conducted during the year.

There were 1,086 inspections conducted of fireworks sales locations. Permits for 1,054 fireworks sales locations and seventy-two (72) public fireworks displays were issued. A total of $66,822.00 was collected for these permits.

In the enforcement of the state sprinkler law, seventy-eight (78) permits were issued for a total of $7,800.00.

The Manufactured Housing Section conducted ninety-five (95) on-site inspections, and forty-three (43) manufacturing company inspections for a total of 138. This section conducted forty-five (45) plan and plan option reviews, including eighteen (18) quality control manual reviews for a total activity of 201.

The Manufactured Housing Section issued 404 insignias. Plan review fees and insignia fees totaled $19,370.40.

The mobile home unit handled by the Manufactured Housing Section issued 258 licenses to mobile home manufacturers and dealers, for a total of $25,800.00. This section also received $512.50 for photocopying. State Administrative Agency fees received from the Department of Housing and Urban Development was $103,464.00 for a total receipt of $129,776.50.

Total amount of money received by the State Fire Marshal division for the year 1983, with the exception of witness fees and copy fees, which are turned in to the accountant, was $223,705.90.

In 1983, we had three (3) unexpected resignations, which caused portions of the state to be without a deputy state fire marshal for long periods of time. This problem and increasing responsibilities of the deputies in the field in conducting fireworks inspections, general inspections, as well as arson investigations, caused most of the men to get behind in their work performance.

In some instances, we were unable to respond to investigations and inspection requests as promptly as desired. This points up two (2) critical problems. This division is understaffed and it is my recommendation that two (2) additional deputy state fire marshals be employed as soon as possible so that the territories in the extremely heavy work areas may be reduced in size. The second problem concerns volumes of reports, which is necessary for the deputy state fire marshals to write in connection with their work activities. This causes unnecessary down time for report writing. Most of the deputy state fire marshals are not typist and have difficulty in preparing proper reports. It is my recommendation that, consideration be given to employ one (1) additional secretary in this office, for the purpose of typing reports, checking reports that are sent in by the deputies and correcting spelling and sentence structure of these reports. We should circulate a more professional report, when copies of these reports are requested by insurance companies and other interested parties.

I would like to take this opportunity to express to you my appreciation for the job performance of personnel of the State Fire Marshal's division and especially to the secretarial staff. The secretaries of this office, and especially Mrs. Katrina Salzburn, my personal secretary, have done an outstanding job in response to increasing workloads and assisting field personnel in catching up their report writing.

Please be assured of my desire to cooperate with you to the extent that this division responds completely to our responsibilities.

Sincerely,

Roy L. Thornell

Roy L. Thornell
State Fire Marshal
